SUMMARY

I am a highly skilled and results-oriented Lead Software Engineer with over 7 years of experience specializing in advanced Front-End Development, UI design, and responsive web applications. Proficient in HTML, CSS, JavaScript, React.js, Bootstrap, and SCSS, with a strong focus on optimizing code quality and ensuring seamless performance across devices. Experienced in utilizing UI/UX design principles and tools like Adobe Figma, XD, and Photoshop to create intuitive, user-centric interfaces. Adept at Agile methodologies, project management tools like JIRA, and version control systems such as GitHub. Passionate about innovation, staying updated with emerging technologies, and fostering a culture of continuous learning to deliver high-quality, business-driven solutions.
